

## **KZEN Aims At SMEs For Its New HR Solution**

---

PETALING JAYA, Jan 15 (Bernama) -- Software solution provider KZEN Solutions Bhd aims to garner a substantial number of small and medium enterprises (SMEs) to deploy its newly- launched KZEN HR One, which it has jointly developed with SAP Solution Bhd.

KZEN Solutions executive director Chow Wei Hoon said the Human Resources based solution allows companies to operate and manage time in a more effective and systematic manner.

Speaking to reporters after unveiling the product here Tuesday, he said that the KZEN HR One would suit the requirements of more than 400,000 SMEs in Malaysia to boost productivity.

The solution is seamlessly integrated with SAP Business One which allows easy maintenance to maximise human capital.

The software is user-friendly, practical and fully equipped with the latest HR functionalities which is essential in keeping up with the latest technology of the fast-paced world of today.

The software is priced at RM5,000 per user.

KZEN Solution chief executive officer Ng Boon Sing said the company expected the newly-launched HR solution to contribute between 25 percent and 35 percent to KZEN's sales growth.
